

Home Safety Checklist

BATHROOM

Install handlebars on the bathroom walls near the toilet, bath and shower

Place an anti-slip bathmat upon entry and exit from the bath or shower

Fit a raised toilet seat or toilet seat with armrest to support stability

Mount a soap dispenser onto the bath/shower wall

Fit a sturdy plastic seat in the shower if you are unsteady on your feet and cannot lower yourself to the floor

Place non-slip adhesive onto the bath/shower floor
