

Home Safety Checklist

LIVING AREA

Arrange furniture so there is a clear pathway to navigate around the home

Remove rugs, plants and low coffee tables that can cause a potential trip hazard

Make sure any cords and cables are out of the pathway

Don't sit in chairs or sofas that are too low, making it difficult for you to stand

Throw away any wobbly chairs and tables for safety

Install easy-access light switches so you don't have to walk around in the dark
